

# ASR/ASRM Series

## Anti-Surge Resistors expands value range

September 3, 2015

**RALEIGH, NC** - The ASR / ASRM Series from Stackpole utilizes a high voltage power film to achieve high working voltages and high overload voltages. This series also withstands repeated high voltage pulses of up to 10 KV every 5 seconds with very little resistance shift. The ASR 1/4 watt size and larger has now expanded its value range down to 3.3 ohms.

Applications include:

- LED and lighting ballasts
- Medical applications
- Instrumentation and test equipment
- Audio
- Security and fire detection
- HVAC controls
- Wide variety of power supplies, especially those supplying or using high voltage.

The ASR and ASRM are available in sizes ranging from mini 1/4 watt up to mini 2 watts.

Pricing for the ASR / ASRM Series depends on size, resistance value, and tolerance, and ranges from \$0.045 to \$0.22 each in full reel quantities. Contact Stackpole or one of our franchised distributor partners for specific pricing.

For more information about Stackpole products, contact Stackpole Electronics, Inc. at 2700 Wycliff Road Suite 410, Raleigh NC 27607; phone 919-850-9500; email [marketing@seielect.com](mailto:marketing@seielect.com); or visit the website at [www.seielect.com](http://www.seielect.com).

Stackpole Electronics Inc. is a leading global manufacturer of resistors supplying to the worlds largest OEMs, contract manufacturers and distributors. Headquartered in Raleigh, N.C., the privately held company began manufacturing in 1928 as part of Stackpole Carbon Company in St. Mary's, Pennsylvania. Now affiliated with Akahane Electronics, Stackpole has manufacturing facilities in Japan, Taiwan, China and Mexico; warehousing facilities in El Paso, Hong Kong and Japan; and sales offices in Tokyo, Hong Kong and Taiwan.
